A unique event on sustainability

PLANET BUDAPEST 2023

# History of the event

Budapest has been the center of sustainable thinking for more than a decade. The Budapest Water Summits (2013, 2016, 2019) brought together the world's political, economic, and scientific decision-makers, and attracted innovative companies looking to find real solutions for water scarcity issues. Building on their success, **Planet Budapest 2021 Sustainability Expo And Summit** was held in December 2021, providing a unique event on an even larger scale and expanding the scope to include the entire portfolio of sustainability. Planet Budapest 2021 offered widely applicable, innovative, and pragmatic solutions to the challenges of sustainable development, and featured the largest exhibition of the environmental industry in Central Europe. This is the legacy we are building on with Planet Budapest 2023.

# Planet Budapest 2023 Sustainability Expo

Planet Budapest 2023 Sustainability Expo will showcase the cutting edge solutions and comprehensive approach of the leading Hungarian companies, startups, educational institutions, professional associations, and government agencies active in the field of sustainability and green economy.

This year the special focus will be on food security and sustainable food production around the world.

#### IT IS A UNIQUE OPPORTUNITY TO:

- discover the latest innovations of ~120 exhibitors,
  - meet the most influential Hungarian climate leaders,
  - discuss sustainability with international innovators and entrepreneurs,
  - participate in scientific, educational, and awareness-raising workshops,
  - conduct productive meetings in dedicated rooms,
- all in an inspiring atmosphere surrounded by experiential activities!

# Planet Budapest 2023 is an integrated event consisting of **three main pillars**

01. **Planet Expo** is an exceptional opportunity for businesses and institutions offering sustainable solutions to showcase their activities and do business.
02. **Your Planet** is an experience-based and visionary exhibition on sustainability attracting tens of thousands of people.
03. **Heroes of the Future** is an interactive experience for young visitors, where they can experience a journey and adventure through time and space, focusing on sustainability in a spectacular, movie-like setting.

**The entry for Planet Budapest 2023 is free.**
